# Principal's Message

## *Principal's Message*

**Kwey Kakina!  
Greetings Everyone !**

**The purpose of this handbook is to give parents, guardians, teachers and students a concise source of information on our school, its rules, goals and expectations. It is important that all of us who are part of the school become familiar with the rules and regulations.**

**Please remember that our school is a community. Let's make our community as pleasant, safe and efficient as possible.**

**Shirley Whiteduck  
Principal**

- Students who attend Mokasige will leave the school at 12:30 and return at 3:15 to board the bus.

If such a paper exists then the principal must have a certified copy. A non-residential parent has access to student records and information unless a court order prohibits such access.
- Be prepared to pay for any damage done to the School property by your child.
- **SIGN IN AT THE FRONT DESK** when you come to school before you go anywhere in the school and carry a visitor pass.

- Depending on the severity of the situation and in order to ensure the safety of students and staff, the Kitigan Zibi Police may be asked to provide support in certain situations.

# Something New at Kitigan Zibi School

CYCLES - (QEP)

Quebec Education Program

The Kitigan Zibi School has slowly started the new Cycle Program, which is following the Quebec Education Program.

This means that the old grades one and two are now known as *Cycle One*. The teachers in this cycle will be working together as a team to plan on the integration of content for the different subjects.

For example, in math, our students will be grouped according to their skills. Teachers will be taking responsibility for students not normally in their class. This creates group based learning on the students' different needs and tasks.

As a result, students from various classes would regroup with students from other classes with one of the teachers. This ultimately gives students the opportunity to work in interest groups regardless of homeroom class.

This program has already been used in other schools in Quebec and we needed to get on board with the project based program.

Sometimes it may be necessary to close the school in order to get children home before weather conditions become severe. The teachers and secretary will use the phone numbers to call home that is given in the registration forms. Parents who will not be in the home when children arrive should make alternate arrangements for the care of their children on such days. Parents should notify the school of these changes before winter.

**Hopefully, we can work together to ensure a safe winter for all our children.**

# Bus Rules & Regulations

## *Bus Rules & Regulations*

Children who misbehave on the bus distract the driver, thereby endangering themselves and others. The contractors, Russell & Pearl Cote, will be working with the school to ensure the safety of the passengers. Students who need to be reminded of school bus rules will be dealt with immediately.

- There is to be no horseplay at bus stops. One slip at the wrong time could cause serious injury.
- Students should wait for their bus at a safe distance from the roads.
- Bus drivers must be able to listen for signs of danger so excessive noise is not allowed.
- Students must stay seated in their assigned places until the bus comes to a complete stop.
- Inappropriate or bad language will not be tolerated.
- The bus driver is in full charge of the bus and the students. She/he must be obeyed.
- Do not extend any part of your body out of the bus.
- The throwing of objects from the bus can cause accidents.
- Buses must be kept safe and clean. Any damage will be paid for by the parents/guardians.
- After leaving the bus, students must cross the road at least 10 feet in front of the bus. Look both ways.
- The buses cannot wait; students must be on time.
- No students shall cause a disturbance or harass another student entering, leaving, or travelling on the bus.

**Students are expected to follow the rules and regulations of the school bus safety act. Failure to follow these rules and/or listen to the driver can lead to the following steps:**

- 1) Misbehaviour on the bus will be reported to the principal by writing and will be dealt with immediately.
- 2) If a student is given a second official misconduct report then that student will be suspended from travelling on the bus for a period of time. If this does occur, the Education Sector will not provide any other means of transportation for the student.

**Once again, the school policy empowers the Principal along with the School Bus contractors to suspend bus privileges at any time depending on the severity of the situation.**

## Recreation Periods

(Recess)

Recreation periods are held so students can get a break from their work and socialize with one another, and get some fresh air and activity.

We provide supervision so they can have this break. They should go outdoors to receive the maximum benefits of this period. Students should be dressed so they may enjoy outdoors in all seasons. We will have to go outside in all weather conditions, such as winter and spring (wet seasons). Occasionally, your child's jackets, mitts, hats will be put in the dryer so that your child can have access to dry clothing for the remainder of the day.

If there is a good reason for your child to remain indoors during this period, a note from home should be provided to the teacher at all times. Students will be assigned some work to do to occupy them during such a time. Students are sent out unless we have a written or telephone request to the contrary.

At certain times throughout the year, outdoor footwear must be removed before proceeding into the school. Indoors shoes should be worn at all times ... to maintain health and safety. (Eg. wet feet, fire drill). We recommend a spare pair of footwear be left in the lockers for the school year.

In extreme heat (+20 and over), students will be kept indoors due to the UV rays and in the winter (-20 and lower), students will be kept indoors due to cold weather.

## Cafeteria Procedures

### *Cafeteria Procedures*

## Breakfast Program

## Lunch Program

### *Lunch Program*

Kitigan Zibi School has always had a model program for the breakfast, snack and hot lunch that is available daily. There was always a no junk food policy such as: McDonalds, packaged bars, gum, candy, fruit roll ups etc.

## Allergies

### *Allergies*

This school is a peanut free zone. If your child has other allergies that we need to be aware of, please inform the school as soon as possible. We will then inform the staff so they would be aware of the allergy.

We hope that this handbook will be a friendly tool for all of us to work in harmony.

My appreciation & thanks to Jenny Tenasco for providing you the information in the handbook.  
What a great idea! Job well done.

In closing, may I wish you and your family a very successful year.
